# S.M.A.R.T. PRE-K TRAINING

## Training provided by: A Chance to Grow

Apply brain stimulation exercises to your pre-k curriculum!

Are you an early childhood, Head Start, preschool, childcare teacher or paraprofessional?

Do you work with the 3 to 5 year olds?

Join us for this highly engaging workshop with lots of hands-on activities that make it easy to start S.M.A.R.T. Pre-K immediately!

### At this three-day workshop, you will:

- Learn how the brain typically develops and what might interrupt that development
- Experience the S.M.A.R.T. activities, which are movement-based, fun for children and easily incorporated into the day
- Understand how to look at students developmentally
- Create the materials you need to immediately implement S.M.A.R.T.
- Become re-energized as educators and ready to create your own S.M.A.R.T. classrooms

## Three-Day Workshop Details

Dates: Tues. June 25, 2019

Wed. June 26, 2019

Thurs. June 27, 2019

Time: 8:00 am - 4:30 pm

Where: CESA 5, Portage, WI

Registration Fee:

\$600/person

We highly recommend teams of 3 or more in order to share and implement strategies and techniques learned during training.

To Register:

**REGISTRATION DEADLINE: 6/10/19**
