For the afternoon session, click here

Target Audience:

- ID/Autism
- Cross Categorical

❖ New test administrators must successfully complete four modules before testing begins.

❖ Training is required for those who will administer the Dynamic Learning Maps alternate assessment in 2019-20.

❖ Test administrators must have an active Educator Portal account (follow up with your district test coordinator) before access to the required test administration trainings can be granted.

❖ Moodle account will be created for each test administrator with an active account in the Educator Portal.
