

## **Teacher Boost**

**Teacher Boost** is a one-day version of Blended Learning Live! Workshop. It's targeted for the busy classroom teachers who want to skip some of the strategy of blended learning and jump straight to practice implementation steps. Helping teachers replace traditional top down teacher led instruction with more student centered learning.

### **Workshop Objectives:**

- Teachers will experience an on-site flipped classroom, station rotation and flex models of blended learning.
- Teachers will experience an introduction to student-centered learning.
- Teachers will explore "[Seven Moves to Create a Higher Performing, Happier Classroom.](#)"
- Teachers will dive into a Student Experience Project.
- Teachers will learn the secrets of a successful culture.

**Who:** Mia Chmiel, Certified Ready to Blend Facilitator, will be your trainer.
