

Using Technology to Create a Meaningful, Engaging, & Relevant Learning Environment

CESA 5
626 E Slifer St.
Portage, WI 53901

Monday, October, 28th, 2019

9:00 AM - 3:00 PM

Technology is an outstanding tool for enhancing student learning experiences and student outcomes. In untrained hands, even the best technology tool can be used just as a worksheet. Come together with fellow educators to learn how to begin: using a plethora of technology resources to create a meaningful, engaging and relevant learning environment, while providing differentiated instructions for all of your students.

Registration Fee:
\$175 per person
