

NEW GOOGLE SITES WORKSHOP

WEDNESDAY, MARCH 18TH, 2020

9:00 AM - 3:00 PM

When properly designed and constructed a website can provide an extra, up to date and easy to use link between your classroom, your school, its community and the world at large. This session, geared toward teachers, will go over the basics of the new Google Sites: creating and editing pages, adding objects, sharing, and customizing your site. Attendees will begin working on their own site during the session.

Registration Fee:

\$175 per person
