Questions: Julie Beckwith
608-745-5472

- The Wisconsin Department of Public
- Instruction says English learners have the
- lowest achievement scores of any
- student subgroup, including low-income
- students and racial minorities. This
- workshop will focus on engaging
- strategies that are helpful for all students
- but high impact for English Learners and
- struggling learners. If you are looking for
- ways to see students succeed, to close
- achievement gaps, and to excite learners,
- this workshop is a must!
