Workshop Description:

This training provides an opportunity to review best practices in SEL, school systems change, and implementation science. Participants will be exposed to over-arching frameworks to guide their efforts that can be adopted and used in their setting. A needs assessment and planning process will be used that considers integration with other school-based initiatives. This planning will focus on establishing effective and sustainable SEL from a school system perspective and acknowledges the complexity of changing school systems. Time will also be allotted for cross-district networking, in-district planning, feedback, and plan monitoring.

Individuals or teams are welcome.

Presenter:

Elizabeth Witter Freeman has been supporting CESA 2 schools since 2015. Her areas of specialty include School Systems, School Improvement, Data Analysis, Strategic Planning, RTI/MTSS, and Pupil Service Delivery. Elizabeth practiced as a School Psychologist near Madison, WI after receiving her doctorate in Educational Psychology from the University of Wisconsin-Madison in 2007.
