Trainer: Julee Dredske, Xello Wisconsin Training Specialist

Description: This fall, Xello will be the new approved ACP software platform for Wisconsin. Hopefully, you had a chance to see the student experience through our spring trainings or participated in one of the Xello webinars. If not, we’ve got you covered: Go to help.xello.world to see the student experience.

As of August 12th, Xello will be live and online for schools across Wisconsin. To help you get started, this full-day training session is designed to recap what students will see and go in-depth on the tools for educators to view student profiles, communicate and customize the student experience, work with Xello’s interactive lessons, and run critical reports.

Participants will: (1) get familiar with the core functionality in Xello, (2) understand the tools available for educators, (3) get hands-on experience with key features through their personal accounts, (4) understand how to use Xello to fulfill ACP objectives, (5) get an introduction to Inspire Wisconsin, (6) share implementation options and ideas, and (6) engage in Q&A.

Session Focus/Topics:

- ◆ Introductions and overview of Xello
- ◆ Accessing student profiles
- ◆ Lessons details and student progress
- ◆ Messaging and customization tools
- ◆ Brief overview of course planning in Xello
- ◆ Transcripts and letters of recommendation
- ◆ Running reports
- ◆ Introduction to Inspire Wisconsin

Participants: Educators who will be using Xello in a classroom or counseling setting,
