Presenter:

Fred Williams served as a high school social studies teacher in Durham Public Schools for seventeen years. Then he began an administrative path and served as a high school principal for four years and then transitioned to Human Resources and served as Executive Director of HR in Durham Public Schools for seven years. In 2010, he left Durham Public Schools and began service as a Senior Program Consultant with the New Teacher Center (NTC). With NTC he has now worked in over thirty states and continues to marvel at the talent he sees in the mentors and new teachers he serves and supports.
