Workshop Description:

"See-the-Sound" Visual Phonics is a system of 46 unique hand cues and symbols that represent the sounds of the English language. It includes the sounds commonly referred to as vowels, consonants, diphthongs and digraphs. Each hand cue is associated with the production of the sound, making it simple for students to connect the sounds with the hand cue!

Presenter:

Melissa Carrie is an ICLI licensed trainer and teacher of students who are Deaf and Hard-of-Hearing through CESA 4. Melissa obtained her Bachelors of Science in Education with the Emphasis in the Deaf/Hard of Hearing from Northern Illinois University in May 2003 and her Masters of Education in Professional Development from UW-La Crosse in May 2012.
