### Workshop Description:

So, you know preschool inclusion is important and results in positive outcomes for students but what should it look like in daily practice? Do you want to provide more inclusive opportunities for students but just don't know where to start? Do you currently provide services in an inclusive setting but want to examine your practices and service delivery? If so, this workshop is for you.

The focus of the day will be working as a team to provide high quality inclusive services in your program. Participants will also be given opportunities to collaborate with other colleagues regarding how to best implement inclusive services into their own program.
