<p>Session Description:</p>	<p>Universal Design for Learning recognizing that all people learn differently, UDL creates opportunities for each and every learner to learn. UDL is not another thing, it is a way of thinking. These session will give you the background knowledge on Universal Design for Learning, as well as, help you learn to design lessons by removing barriers for your students. The ultimate goal of our classrooms is to create expert learners, using UDL guidelines and reflective thinking. We can design our lessons to put students in-control of their learning. These sessions are designed, to help you design, implement, reflect, and design new lessons that meet the needs of all learners.</p> <p>Learning Outcomes will be:</p> <ul style="list-style-type: none"> ● Participants will gain understanding of the Universal Design for Learning guidelines. ● Participants will learn strategies and practices that can help remove barriers to learning. ● Participants will use reflective practice to design lessons using UDL thinking. ● Participants will be able to collaborate and learn for other participants. <p>February 24, 2020: 8:30 – 3:30</p> <ul style="list-style-type: none"> ● Learn about UDL ● Examine the design process ● Apply learning to UDL lesson design <div style="text-align: right;">  </div> <p>Date To Be Determined</p> <ul style="list-style-type: none"> ● Demonstration Site Visit – Sheboygan Falls <p>March 20, 2020 8:30 – 11:30</p> <ul style="list-style-type: none"> ● Reflect on and further develop lesson design and implementation
