

# Transformative Spaces for Transformative Learning

Presented by  
Demco, CESA 3,  
and Barneveld  
School District

## Join Us in Barneveld's Brand-New School for a Day of Transformation

A well-thought-out learning space design is essential for creating enriching experiences for your students. Join us for a full day of learning, including interactive breakout sessions and a tour of Barneveld's new transformative spaces. You'll learn how to define actionable design goals and how to navigate the process of creating spaces that complement your goals.

Whether your district is in the middle of planning a referendum, you're updating a few learning spaces, or you're looking for inspiration for future improvements, you'll take away transformative ideas to impact the learning in your spaces.

Attendees will rotate through the following breakout sessions:

- Maximizing Universal Design for Learning in Space Design
- What Works: A Review of Modern Design
- Using a Design Sprint as a Catalyst for Change

## The Details

**Where:** Barneveld School, 304 S. Jones St., Barneveld, WI

**When:** Monday, February 10, 2020

*(In the event of inclement weather, the make-up day will be February 17, 2020)*

**Registration Fee:** \$125 for individual registration

For each person you register, Demco will cover the registration for another attendee from your district.

*(We suggest bringing four attendees from your district who are passionate about designing physical spaces that maximize student and teacher potential.)*

**Your Host**  
Dr. Robert Dillon

Dr. Dillon is an author and thought leader in education and has served as a teacher, principal, and director of innovation over the last 20 years. He is passionate about using intentional design to create engaging learning spaces.
