

What? Free Workshops???

Space is limited!!! Register today!

Ready to adopt new instructional materials?

Have you adopted new materials and are looking for implementation support?

FREE workshops on those very topics are available at CESA 9!

Increasing Student Learning Through High-Quality Instructional Materials

3-Part Learning Series (grant-funded, materials and lunch included!)

Feb. 13, 2020, 8:30-3:00, Event #1:

Register here for Events 1 & 2:

<http://bit.ly/Quality1-2>

Outcomes:

- Plan the process
- Create a local vision for materials selection
- Review local data

- Overview of EdReports
- Develop a rubric for selection

Audience: K-12 curriculum teams or curriculum leaders tasked with adopting new instructional material

March 6, 2020, 8:30-3:00, Event #2 (must attend Event # 1 to attend Event #2):

Outcomes:

- Identify materials to review
- Engage in the review process
- Plan the pilot
- Prepare for communication with publishers

- Determine the decision-making process

Audience: K-12 curriculum teams or curriculum leaders ready to engage in a process to select materials

May 12, 2020, 8:30-3:00, Event #3

(Open to new attendees and those previously engaged in this series):

Register here for Event 3:

<http://bit.ly/Quality-3>

Outcomes:

- Map out the implementation planning process
- Determine expectations for use of the materials
- Determine the plan for training teachers and leaders

Audience: K-12 curriculum teams or curriculum leaders who:

- Have been participating in this series and are ready for an implementation plan
- Have purchased new materials and are looking for an implementation plan
- Are in early implementation of new materials and want troubleshooting support
