Workshop Description:

The focus of this book study is supporting high quality inclusionary opportunities for all students. We will use the book **One Without the Other** to focus our inclusion work as well as additional articles around social and emotional development for young learners. Teams of regular and special education staff are encouraged to attend together focusing on preschool through 1st grades. Site visits to support implementation may be included. Google folders and resources will be used to organize and share resources and graduate credit/continuing education hours are available upon request. Depending on the number of participants there may be a slight fee to cover the cost of books, but we hope this cost is minimal.

The book **One Without the Other** by Shelley Moore will be included with this workshop.
