CESA #4 is excited to offer an opportunity for your district to participate in workshops designed to help key leaders - administrators and teachers - become familiar with the structure and framework of the Common Core standards. This workshop will provide those leaders with materials that will help them provide training for all teachers in your building. The goals of these workshops are to define:

- What ARE the new standards?
 - What's DIFFERENT from the previous Wisconsin Model Academic Standards?
 - How will these CHANGE my practice and instructional delivery?
- ...and to give you the tools and confidence to:
- Take this information back to your school and/or district to provide training for your own staff!
