

SAVE TIME & MONEY WITH ONE  
EASY-TO-USE, SECURE & RELIABLE  
SPECIAL EDUCATION DATABASE.

SEEDS is the smart way to create and manage IEPs and class lists, complete state and federal forms, file School Based Services (SBS) reimbursement requests and much more.

Built and enhanced by educators who use it daily, SEEDS provides live customer service support and continually improves its product, adding real-time updates from the state.

BUILT BY SCHOOL  
DISTRICTS,  
FOR SCHOOL  
DISTRICTS.

CESA6.ORG/SEEDS

**COMPLETE PACKAGE**

SEEDS is a complete package, including modules for student information, IEPs, school-based services, reimbursements, reporting and class list management.

**OFF-SITE BACK UP**

The secure system also features automatic, off-site, remote back-up, so your data is safe, even if the district's network crashes.

**EFFICIENTLY SHARE DOCUMENTS**

SEEDS makes it simple for faculty, support staff, special education administrators and internal/external consultants to share documents and collaborate.

**CUSTOMIZABLE USER PERMISSIONS**

Permissions are assigned at the individual user level. Users can see and utilize only the modules to which they have access.

SEEDS TRACK RECORD OF SUCCESS:

155  
districts

in WI with a

99.4%

retention  
rate, serving

legal and  
DPI compliance 100%

53,440

active students,
