The learning continues! Register now to sustain, expand, and support your district and school improvement efforts during the unprecedented in 2020-21 school year. The Leading for Learning Series will provide a deep dive into critical issues and strategies needed to ensure high levels of learning in a constantly changing environment. Participation will support and sustain your school improvement efforts and provide the tools you need to achieve your goals. The 2020-21 Leading for Learning Series will provide in-depth learning on the following topics throughout the year:

- Culturally Responsive Teaching • Place-based Learning
- Blended and Online Learning • Universal Design for Learning
- Standards-based Instruction and Assessment
- Learning-centered Educator Effectiveness

Register Today!

Leading for Learning is designed for school-based teams of 4-12 teacher leaders and administrators working side by side to improve academic outcomes for all students. All events will be held virtually, in partnership with your local CESA. Priority registration will be given to 2019-20 participant teams seeking to sustain their continuous improvement journey.

All team members must register individually. Simply click on your chosen dates above!
