

“Introduction to Mentoring Essentials”

August 13, 2020
Virtual Event via Zoom
9:00 AM - 12:00 PM

Register here: Login.MyQuickReg.com

Registration Deadline 8/6/2020

This training will be delivered in a flipped format using Google Classroom and Zoom. Videos containing content with reflection questions will be sent out one week before the Zoom meeting, as a way to front load information and prepare for discussion and collaboration with other participants during our session.

The completion of this training curriculum qualifies teacher mentors to provide induction support to new-to-profession and new-to-district teachers as required in Wis. Administrative Code sec. PI34. It was developed collaboratively with CESA staff and practicing teacher mentors. It is research based, foundational mentor training.

WI teacher mentors are licensed educators who are trained to provide support and assistance to beginning teachers. They have input into the confidential, formative assessment of the teacher, but are not considered a part of the formal evaluation process. Teacher Mentor training provides foundational qualifications to ensure mentors have the understanding, skills and abilities to provide support.

Introduction to Mentoring Essentials training outcomes:

- *Explain the role of mentor and elements of a successful mentoring relationship.*
- *Explain how quality mentoring and induction supports beginning teacher development and retention.*
- *Assess beginning teacher needs and plan for timely support.*
- *Identify key mentor supports related to the Educator Effectiveness System.*

There is no fee for this training. The cost is covered by the CESA #12 Peer Review Mentor Grant 2020-2021 * DPI does require that mentors have a Tier III - Lifetime Educator License
