Google Certification Level 1 Bootcamp

DESCRIPTION: The 'Certified Educator' courses are truly transformative in helping you incorporate Google tools in your teaching. Rather than focusing on rote knowledge of apps the course and certification exam focuses on the practical application of the tools in the classroom. In this 2-day workshop, participants will learn and understand a multitude of Google functions to apply and support teaching and learning. This learning will prepare participants for the Google Certification Level 1 assessment.

Many that attend this training quickly become Google Certified Educators. Exams are taken independently after Bootcamp.

College credit for Edgewood college in Madison is available.

PRESENTERS: Beth Clarke

Beth Clarke is an innovative educator with a passion for digital leadership. She loves working with districts and teachers to unleash potential by leveraging digital tools and resources. Beth earned her Undergraduate degree in Art Education and her Graduate degree in Instructional Technology from UW-Whitewater. Additionally, she has procured her Education Administration licenses for Principalship and Director of Curriculum and Instruction from Edgewood College. She has a love of learning and applying new strategies to classroom opportunities, professional learning, and presentations.
