

Introduction to Restorative Practices and Using Circles Effectively

From day one, you will learn a range of practices you can use every day. You'll learn how to set high expectations while being supportive. You will practice how to provide direct feedback and how to ask questions that foster accountability. You will also learn the most effective methods to resolve common conflicts.

AUDIENCE:

- Administrators
- School Counselors
- Social Workers

DAY 1: Participants will understand key concepts of restorative practices, including:

- Fundamental Hypothesis/Social Discipline Window
- Fair Process
- Psychology of Affect
- Restorative Practices Continuum

We devote the second day entirely to teaching attendees to facilitate restorative circles. Circles are an essential process for building social capital, resolving social problems and responding when harm occurs. Circles create a positive learning environment. You will learn by participating in circles with other attendees, taking turns to learn how to facilitate. By the end of the day, you will be prepared to return to your setting and run your first circle!

DAY 2: Participants will:

- Understand the purpose of the circle process and how circles can be used in your setting
- Learn the necessary skills to prepare and facilitate restorative circles
