

Three Tragic Flaws in Literacy and Raising Word Awareness

Wednesday, October 21, 2020 | via Zoom

CESA 5 in Partnership with Curriculum Associates, makers of *i-Ready*, proudly brings you two literacy events. Please register for each session if you are attending both sessions.

Session 1: Eliminating the Three Tragic Flaws in Literacy

12:30–1:30 pm | via Zoom

Why is it so hard to get all children to grade-level proficiency? There are three major culprits blocking our path. This session will uncover them and offer tangible actions for accelerating student growth.

Session 2: Raising Word Awareness

2:00–3:00 pm | via Zoom

One of the chief impediments to comprehension happens at the word level, with a deficit of both meaning and word-attack strategies holding students back from understanding. This talk will deliver an overview of our current vocabulary development at *i-Ready*, and the easy-to-master daily routine that brings multi-syllabic word work back to the center for seismic effects.
