1st Year Beginning Teacher Support Seminars: 3:30 PM - 5:00 PM

Four beginning teacher support seminars, designed to assist districts in meeting the PI 34.040 [5] district requirement of ongoing orientation, are offered in a combination of an asynchronous and synchronous format. They are staggered throughout the 2020-21 school year. These Beginning Teacher Seminars provide approximately 2.5 hours of professional development each and are tailored to the needs of beginning teachers. Each of the seminars features instructionally-focused outcomes, exploration of the related Framework for Teaching (Ft) Components, and an aligned mentor supplement resource to encourage continued, professional development of both the beginning teacher and mentor. A synchronous Zoom introduction of the topic will be on the dates provided. The following topics will be available for use over the course of the year:

- October 8: What to Expect this Year and Engaging All Student
- December 3: Effective Classroom Management
- February 18: Strategic Assessment
- April 16: Reflective Practice - Completing your SLO/PPG
