

Virtual or Face-to-Face? Teacher Clarity Matters!

PRESENTERS: Tere Masiarchin, Steven Mijajlovic, Valerie Schmitz, and Mary Jo Ziegler

DESCRIPTION: Whether virtual or face to face, one of the most powerful instructional considerations is Teacher Clarity. CESA 2 is offering a 3-day series to build teacher capacity in this important practice. Our Corwin certified trainers will dive into the IMPACT of teacher clarity to improve student learning outcomes. We will:

- Provide an overview of the Visible Learning research as it relates to teacher clarity.
- Explain the elements of teacher clarity including learning intentions, success criteria, progressions, and feedback that moves students forward.
- Explain the importance of collective teacher efficacy as it relates to teacher clarity by diving into common assessments, PLC moves, and collaborative planning to support consistency across classrooms.

We will model and guide for participants how all of this important work can be done in both face to face and virtual settings. Join us for this powerful next level learning!

Virtual coaching and support sessions may be added for an additional fee. Corwin's *Teacher Clarity Playbook* is included in the cost of this series.
