Info-Tech Plan To Support Student Achievement! September 24 and 25, 2009

CESA #3
Conference Room A
8:30 – 3:00

The Plan Workshop is designed to allow districts concentrated time to work on their Information & Technology Plan. DPI staff will provide a brief overview of plan contents and then highlight areas of concern or areas districts need additional help. The majority of the time will be spent working on your plan. DPI staff will be available to assist, troubleshoot and provide assistance. Areas highlighted on the workday will be Grade 8 Literacy requirement, policies necessary for the plan and data synthesis. Other areas will be added as requested by participants.

Teams of district Technology Committees will:

- Review scientifically-based research and best practices for information and technology literacy

- Analyze their current library media and technology plan or combined plans in regard to its support of classroom learning, student achievement and professional proficiency in the area of information processing and technology literacy, integration of ITL standards within the context of content curriculum and ongoing, systematic professional development.
- Utilize the planning model to clarify where they are and where they need to go in the planning process.
- Design an action plan for developing their plan.
- Share sample exemplary plan sections and district planning ideas with workshop participants. **The six major plan content areas are:**

- **Research**
- **Mission/Vision**
- **Data/Needs Analysis**
- **Goals, Objectives, Action Plans**
- **3-year Budget**
- **Dissemination & Monitoring**
- **School Board Policies**

Please bring all data that you will need in order to work on your Tech Plan. Districts may find it more advantageous to bring one laptop per team.

Member ITSS District Teams (*should consist of 2 or more ~including Administrator, Tech Coordinators, Library Media Specialists, and District Technology Committee members*) cost will be \$25 per person to cover meals and materials. Non-member district cost will be \$125 per person.

To Register go to

www.myquickreg.com

CESA #3 will be implementing a new event registration process and service tracking system for the 2009-10 school year. This program will allow you to register (become a member) once and your information will be saved for future registrations. You will be able to view reports based on workshops/trainings that you have attended through CESA #3 for professional development reporting, etc. To register on the site you will need to answer some basic questions. This is one time only and you will then be given a user name and password for future registrations.

All on-line registrations are tentative until a purchase order is received by the CESA #3 business office. Please follow your local district procedure to complete a purchase order for registration completion.

Cancellation Policy: Should enrollment be insufficient to cover the cost of the event, registered participants will be notified. Participants must cancel within 48 hours of this event or will be billed.
