EC Networking: 2021

DESCRIPTION: Networking and shared professional development opportunities make a significant contribution to quality of work life for professionals working with young children and their families. Early Childhood Networking meetings are offered to all persons in the CESA 2 region that are interesting in:

- Early care and education topics for children birth to eight years old
- Networking with other districts and agencies
- Regular updates on state initiatives, research, and best practice

The goal of the Early Childhood Networking event is to create a community in which learning occurs through collaboration, information sharing, and exploration of best practice with the focus on current topics in EC.

At this moment in time, we are planning to hold all future EC Networking meetings virtually. With the current uncertainty, this may change as the school year continues. As we move forward in offering EC Networking and other professional development events, please let us know if other times in the day work better for you.

PRESENTERS: Nicole Aldworth & Karen Russell, additional presenters TBD

CAPACITY BUILDING FRAMEWORK FOCUS
