What is it like to be on the other side of you? Are you a Pioneer, a Connector, a Guardian, a Creative, or a Nurturer? Everyone has a leadership voice, and we all have the ability to lead others. The problem is, most people don't know their leadership voice or how to use it. Welcome to the 5 Voices. The 5 Voices is designed to help every individual discover their leadership voice and be empowered to use it effectively. We believe teams and whole organizations can be transformed when everyone operates securely in their own voice and learns to value the voices of others. Participants will:

- Define their voice
- Learn how to see yourself so you can grow
- Learn to be an impactful leader in all areas
- Use the voices to lead change in your organization
