What are others saying about this training

I cannot tell you how happy the teachers were with the training that you provided here last month! They are still raving about it and have made changes to their practices. Thank you so much for working with us!

This is the BEST workshop I have attended in my 28 years of teaching !!

The resources were amazing! This training gave me SO many ideas that I can immediately implement in my classroom and to teach my content area teachers

I have gained multiple strategies on how to engage EL students and I plan on using them to engage ALL students.
