

CESA 8 presents:

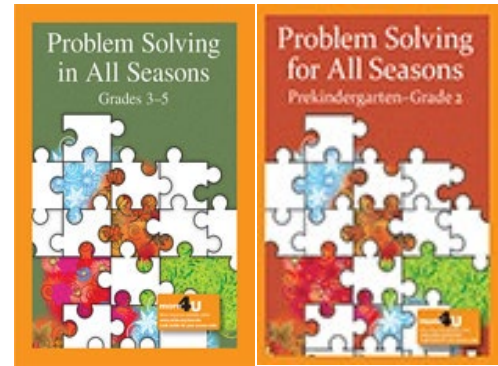

## Problem Solving in All Seasons Grades PreK – 5

Thursday, December 16, 2021

9 a.m. - 3 p.m.

CESA 8 Aspen Room

(This event will be rescheduled if COVID conditions do not allow for an in-person event.)

Join us in this fun-filled day of math learning with

*Dr. Jennifer Kosiak* and *Dr. Jenni McCool*, co-authors of the books *Problem Solving in All Seasons, PreK - 2* and *Problem Solving in All Seasons, Grades 3 - 5*.

Holiday and seasonal activities provide excitement and a change of pace for teachers and students alike. They also offer perfect backdrops for mathematical tasks that can be related to other topics and themes in the classroom.

During this interactive workshop, participants will engage in sample tasks, identify possible student solution methods and misconceptions, and discuss how to differentiate each task. Participants will also see how tasks are aligned to the Wisconsin Standards for Mathematics/Common Core State Standards, including the standards for mathematic practice.

### Meet the Authors:

**Jenni McCool** is a professor of mathematics education at the University of Wisconsin–La Crosse and a former classroom teacher. She teaches a variety of content and pedagogy courses for future elementary and middle school teachers, and also works closely with many in-service teachers through professional development programs.

**Jenn Kosiak** is a professor of mathematics education at the University of Wisconsin–La Crosse, where she teaches an array of content and pedagogy courses for future Pre-K–12 mathematics teachers. She leads many local and statewide professional development opportunities for in-service teachers as well as serves as an executive board member of the Wisconsin Mathematics Council, a state affiliate of NCTM.

**Cost:** \$150\* per person for CIA member school districts. \$300\* for non-CIA member districts. (Participants are encouraged to purchase one of the books *Problem Solving in All Seasons, PreK - 2*, or *Problem Solving in All Seasons, Grades 3 – 5* prior to the day of the workshop)

**\*The option to purchase a book through CESA 8 will be available during the registration process for an additional \$30, per book.** If you would like CESA to purchase your book(s), registration must be received by **November 10th**.

**Registration:** [myQuickReg](#)
