

The Early Intervention Teaming Handbook Study

RESource staff will be facilitating an upcoming statewide learning opportunity to support implementation of evidence-based practices in Birth to 3 Programs. We encourage you to participate in the study and discussion of the following book by Dathan Rush and M'Lisa Shelden. The book study will be conducted via technology, including online links and phone connection during the times listed below.

Dates and Times

April 23rd, Chapters 1-2
May 7th, Chapter 3
May 21st, Chapter 4
June 4th, Chapter 5
June 18th, Chapter 6
June 25th, Chapter 7
July 9th, Chapter 8

**All sessions are on Fridays
Noon - 1:00 pm**

This is a unique opportunity to enhance your practice by learning within a group context through valuable discussion, reflection, and implementation of new practices. This will increase connections within your team and programs throughout the state. We hope you choose to continue these discussions and connections long after the book study is over.

Previous book studies have shown to be most impactful when individuals participate with other team members (or their entire team) and with the support of program leadership. To ensure the success of the book study, we are asking that you:

- Participate with at least one other team member.
- Have support from your leader.
- Are able to commit to participating in all sessions.

Once you register, calendar invitations will be emailed to all participants to reserve the scheduled date and times. Registration will be limited; please register early. Click here to register [Link to Registration](#)
