

Winter Academy

Spotlight: Tier 2 Interventions

January 11, 2022 | 9AM-3:00PM

Brrrrr!!!! It's time to hunker in for a full day of learning together! We will spend some time exploring the elusive Tier 2 together. School mental health teams generally have a good handle on what universal (tier 1) practices look like and what intensive/individual mental health support (tier 3) looks like...it's the middle that seems to be more of an enigma. Together we will unearth existing practices and explore potential interventions to expand our toolboxes.

Who Should Attend?

Open to anyone who wants to attend
Persons in public, private and/or parochial school systems who assist with identification and supporting individuals in need of mental health and emotional well being services and support.

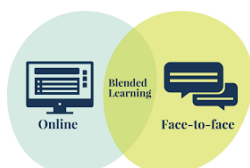

Details

Register online: www.cesa6.org/events

Registration fee: \$125 per participant

Modality: Hybrid Session

- CESA 6 Conference Center 2300 State Road 44, Oshkosh
- Virtual via Zoom

Special Guest Presenter:

Dr. Richard Van Acker

Dr. Richard Van Acker is an emeritus professor of special education at the University of Illinois-Chicago. His research explores the development and treatment of antisocial behavior in children and school-based intervention with students who present emotional, behavioral, and mental health disorders. Rick actively consults with school districts across the nation and serves as a special consultant with the school boards of seven states. His work has been presented in over 100 published articles, monographs, book chapters and books.
