

2021-2022

NATIONAL BOARD CERTIFICATION COHORT INFORMATIONAL MEETING

National Board Certification will distinguish you as an accomplished, effective teacher who has met the highest standards in the profession. Obtaining National Board Certification is a rigorous process to undertake and CESA 5 can support you through our upcoming 2021-22 Cohort.

We invite you to attend our free informational meeting where you will learn what the certification process entails and how the 2021-22 Cohort can support you.

A brief overview of CESA 5's NBC Cohort:

- 6-8 meetings throughout the 21-22 year. Dates to be determined by Cohort.
- Component guidance from CESA 5's National Board Certified Mentor Team
- Individual meetings with readers
- The support and collaboration of those in the Cohort
- A place to:
 - go with questions
 - be in the frame of mind to work on your components
 - receive individualized support

Why should you be a part of this?

- Wisconsin offers National Board Certification reimbursement for up to \$2000 for costs incurred.
- Scholarships are available.
- Some local school districts use Title monies and/or professional development funds to provide fee support to candidates seeking certification. Please inquire with your principal or central office administrator to see if this is a possibility for you.
- After the initial year of certification, Wisconsin NBCTs are eligible to receive annual grants of \$2500 or \$5000 per year for as long as you are National Board Certified.

For additional information, please visit the National Board for Professional Teaching Standards website
