ACP - Creating and Submitting a State Endorsed Career Pathway

DESCRIPTION: Open to all Gateway Districts!

Regional Career Pathways (RCP) is a statewide initiative to further the academic and career readiness programming being offered in our schools. The goal of the RCP work is to create clear pathways to future success for students in career fields that are high skill and high demand in the Milwaukee 7 region. That State Department of Public Instruction has identified the RCP work as an important way forward for our students and community stakeholders and want to see the work implemented across the state, which has also led to RCP implementation now being a part of the 2021-22 State Report Card.

Join Eric Hill, the CESA #1 RCP Coordinator and Valerie Schmitz, CESA #2 ACP Coordinator on August 10th to learn more about the RCP work and how your school can get involved with offering a State Endorsed Career Pathway in your district.

PRESENTERS: Eric Hill & Valerie Schmitz

Eric Hill serves as the Regional Career Pathways Coordinator for SE Wisconsin. Eric works with the Wisconsin DPI, Grades 6-12 regional school districts, higher education institutions, local businesses and trade unions to enhance the exposure and opportunities for students to explore their post secondary academic and career options.

Dr. Valerie Schmitz is the Educator Data and Practice Specialist for CESA 2. In this position, Valerie leads the regional work for educator development and district implementation of the Wisconsin Educator Effectiveness System, as well as data analysis and school improvement. Valerie has deep expertise in this work, serving as the Educator Effectiveness Coordinator at CESA 6 for the past four years. She has assisted districts with implementation of both Educator Effectiveness and the Effectiveness Project.
