Need valuable, ready to use strategies for teaching your ELs? Wondering how to meet the needs of students? This workshop series combines research with ready to use strategies for sheltering your instruction with English learners! In the words of Hattie, Fischer, and Frey, "Every student deserves a great teacher, not by chance, but by design." Let's work together to design great instruction for our multilingual learners.

New this year: A SIOP Session Collaboration will be available virtually after the workshop!
