THE WRITING REVOLUTION

BOOK STUDY

The Writing Revolution: A Guide to Advancing Thinking Through Writing in All Subjects and Grades by Judith Hochman and Natalie Wexler teaches a flexible writing method, called the Hochman Method, that can be taught across all grades and subject areas. In this dynamic book study, we will unpack the Hochman Method across five sessions. Teachers will leave each session with fresh insights on practical and high-leverage writing strategies and techniques.

****Participants must purchase their own book.****

The Six Principles of The Hochman Method:

- Students need **explicit instruction** in writing, beginning in the early elementary grades.
- **Sentences** are the building blocks of all writing.
- When **embedded in the content** of the curriculum, writing instruction is a powerful teaching tool.
- The content of the curriculum **drives the rigor** of the writing activities.
- **Grammar** is best taught in the context of student writing.
- The two most important phases of the writing process are **planning** and **revising**.
