

**rapid center**  
for improvement

POWERED BY CESA 6

# Principles of Improvement

Acquire the mindsets to improve. This training will leave you with dozens of tools and processes for your school district, your school, your department and your classroom.

Join Ted Neitzke for a training series and certification in the Principles of Improvement. Increase young students learning, build system alignment and learn how to rapidly improve.

Each participant will leave with core continuous improvement skills and the processes needed to be a real improvement learning community.

Ted Neitzke will facilitate the 3 cohorts.
