

COLLABORATIVE NETWORKING MEETING (IN-PERSON)

12:00 PM - 3:00 PM

Collaboration between professionals allows for diverse perspectives and expertise around a student, to be shared amongst those who are responsible for the child's education. Come join us as we dive into the four core beliefs that are essential for building lasting partnerships between home and school for our early learners with special needs.

Lunch will be served as we collaborate and reflect on our practices as a whole group and then break apart in job alike teams for networking.
