

TRAUMA SENSITIVE SCHOOLS PROJECT '21-'22 VIRTUAL KICKOFF MEETING

Tuesday, October 19, 2021 - 9am-11am

**SUPPORTING STUDENTS, STAFF AND OURSELVES WITH CRISIS AND
LOSS DURING THE RECOVERY FROM THE COVID-19 PANDEMIC**

This session is presented by Dr. David H. Schonfeld and will:

- Provide practical advice on how to help students and staff cope with crisis in general and specifically with persistent adjustment difficulties and grief associated with the pandemic
- Review the unique challenges schools face in supporting grieving students during a pandemic
- Highlight free resources from the National Center for School Crisis and Bereavement and the Coalition to Support Grieving Students to address these challenges

The session will underscore the need to provide support to school professionals and to promote self-care. Time will be devoted to questions and discussion.

Together, we will consider how best to promote the recovery and continued adaptation of students, staff and ourselves.

This session is **free** to participants in the TSS project.

If you're interested in this session but not a part of the project, please contact Alissa Darin (*info below*)
