

# "SEE-THE-SOUND" VISUAL PHONICS

PRESENTED BY MELISSA CARRIE, ICLI LICENSED TRAINER

"See-the-Sound" Visual Phonics is a system of 46 unique hand cues and symbols that represent the sounds of the English language. It includes the sounds commonly referred to as vowels, consonants, diphthongs, and digraphs. Each hand cue is associated with the production of the sound, making it simple for students to connect the sounds with the hand cue!
