

Local Report Card Informational Session

Wednesday, April 27, 2022

1:00 – 2:00 pm

CESA 9, Tomahawk

NEW DATE!

In this session, participants will engage in guided discussion about the basics of developing local report cards that comprehensively measure student learning outcomes, drive continuous school improvement, and proactively communicate with stakeholders about the work and success of their schools.

Feedback gathered through this conversation will be used to guide future planning sessions for the development of local report cards in our region.

Cost: FREE

Audience: District and school leaders
