2023

FEBRUARY 9

9:00 AM - 12:00 PM

PRESENTER

Mary Ann Hudziak | Director | Student Success Center

WISEdash for Districts is a valuable tool for reviewing student engagement in school. An inquiry into equitable access to the classroom and academic content may inform district or school improvement efforts. This session will focus on the dashboards that illuminate course enrollment, attendance, discipline and other indicators of engagement. School and district leaders will gain a better understanding of using WISEdash navigation and dashboard functionality to disaggregate data for a sharper focus. Register your data team to maximize your data investigation and analysis.

WHO SHOULD ATTEND?

District and school administrators, specialists, curriculum/ data coordinators, special education directors, EL coordinators, school counselors, and lead teachers.

Please be sure you have an active WISEdash for Districts user access and can access the data dashboards prior to attending.
