

WISEdash SERIES: Needs Assessment Data Inquiry

2023

JUNE 21

9:00 AM - 12:00 PM

PRESENTER

Mary Ann Hudziak | Director | Student Success Center

School leaders have the opportunity to use WISEdash for Districts as a valuable data investigation tool. This tool is dynamic and robust for examining a variety of aspects throughout an education system. We will use a process for capturing valuable data pictures to inform data teams of potential growth areas. This workshop will equip school and district leaders with a better understanding of WISEdash for Districts navigation and functionality.

"It was helpful to attend with administrators from my school so we could discuss the data."

WHO SHOULD ATTEND?

District and school administrators, specialists, curriculum/data coordinators, special education directors, EL coordinators, school counselors, and lead teachers.

Please be sure you have an active WISEdash for Districts user access and can access the data dashboards prior to attending.
