## FOSTER POSITIVE CLASSROOM AND SCHOOL CULTURE

During this 2-day introductory restorative practices experience, you will learn fundamental theory and practices for engaging with students, staff and parents in your school setting.

Topics include how to set high expectations while being supportive, how to provide direct feedback and ask questions that foster accountability, and the most effective methods to resolve common conflicts.

You will also learn to facilitate circles, an essential process for creating a positive learning environment and school culture. Circles may be used to build social capital, resolve social problems and respond when harm occurs.

Additionally, instructors will address many issues related to building relationships and community while teaching in person or virtually. Concepts include how and when to have one-on-one conversations; the effective use of informal time as students gather; and setting norms for running circles.

### Learning Format

- This training experience is led by experienced IIRP trained instructors.
- Over two days of training, you will participate in live in-person or Zoom sessions (breaks included).
- Pre-work includes readings, handouts, videos and other resources. There will be approximately two hours of pre-work for each day of synchronous instruction.
- This training addresses topics: Restorative Practices & Using Circles Effectively, and it satisfies the prerequisite for the training Become a Restorative Practices Trainer (RP TOT).
