

Navigating Act 30: Teaching the Holocaust and Other Genocides

Wednesday & Thursday, April 20-21, 2022

9:00 AM - 2:00 PM

CESA 5, Portage, WI

Free to all participants - lunch included

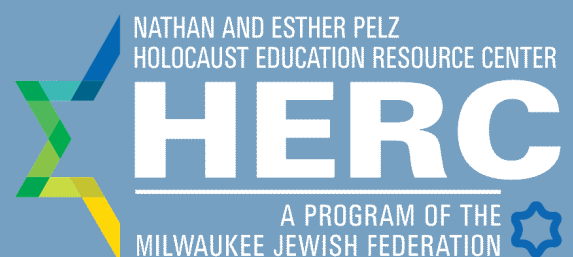

In accordance with Act 30, CESA 5 and the Nathan and Esther Pelz Holocaust Education Center (HERC) are offering a FREE professional development opportunity to provide tools to teach the Holocaust and other genocides. The first day of this training will provide educators with background knowledge on the Holocaust, as well as tangible examples for how they can use this material in their classroom.

On the second day, educators will conduct their own research on a different case of genocide using the demonstrated framework. Lastly, we will talk about methodology, the dos, and the don'ts of Holocaust education. This workshop will leave educators with the information and resources needed to implement the new Holocaust and genocide mandate.
