The annual ESSA Spring Planning Team workshop provides the dedicated time for district teams to plan and coordinate services and resources aligned to identified district priorities. The Consolidated application in WISEgrants is designed to align with the district LEA plan. An annual review of this plan is helpful for the alignment of priorities and resources. This workshop is designed in two parts:

- Part 1 - information sharing and networking
- Part 2 - focused team collaboration and consultation

Choose the date that works best for your district's ESSA team.
