

Simply Instructional Coaching 2.0: Foundations to Framework Book Study

Four Part Virtual Series

"Simply Instructional Coaching 2.0: Foundations to Framework" by Nicole S. Turner builds upon her first book, "Simply Instructional Coaching." This book answers all the questions about how to build a solid and robust foundation for instructional coaching and how to implement a simple framework where you can provide resources, feedback, modeling, and professional development to teachers. The goal of a coach is to empower, enable, educate and engage teachers to make an impact and meet instructional and school improvement goals.

Participants will have the opportunity to read, reflect, and consider how to best support all educators through instructional coaching.

Audience: instructional coaches, mentors, teachers, and administrators

Virtual meetings, 3:30 pm - 4:30 pm

Wednesday, October 19, 2022

Tuesday, December 6, 2022

Tuesday, January 31, 2023

Tuesday, February 28, 2023
