WASCD Presents
Behavior Solutions
With Dr. John Hannigan

A Workshop to Prepare Systems for Student Success

Monday, July 25th ~ 8:30 AM - 3:00 PM
 Waterfront Hotel & Convention Center ~ Oshkosh, WI

BEHAVIOR SOLUTIONS

Teaching Academic and Social Skills
 Through RTI at Work™

John Hannigan • Jessica Dubois Hannigan
 Mike Mattos • Austin Buffum

WASCD is proud to partner with Dr. John Hannigan to offer this workshop that focuses on research-based systems and strategies to ensure our systems are designed to achieve high levels of learning for all students. Particularly, this workshop will focus on designing a site-base system to ensure social emotional learning and behavioral skills are a part of universal instruction and there is a multi-tiered system to respond when students need additional support.

Sites are encouraged to register a team and utilize the workshop to plan a framework for the upcoming school year. WASCD plans to offer additional workshops to support schools during the 2022-2023 school year.

Dr. John Hannigan: John is a sought after consultant and speaker with a track record of success. This includes being the Principal of California's first Model PLC Elementary school as named by All Things PLC. In addition to John's consulting, he is the author of many texts on supporting students socially, emotionally, and behaviorally. This includes Behavior Solutions, Don't Suspend Me, Building Behavior, and The MTSS Start-up Guide
