3:30 PM - 4:30 PM

What does fluency in mathematics really mean? What does building procedural fluency through conceptual understanding look like in practice? We will explore these questions focusing on best practices to enhance our students' mathematical identities and flexibility with numbers. We will explore the fact fluency standards within the updated 2021 WI State Math Standards and how they connect vertically.

Cost: FREE to districts that purchased the Curriculum Network & Program Support Program (Drummond, South Shore, Winter)
