9:00am - 3:00pm all sessions

The role of the school counselor is vital to the health and well-being of students, families, staff, and the entire school system.

This network is designed to provide opportunities for all area counselors to share and collaborate on best practices and also to learn from one another regarding systems and programs supporting our unique CESA 4 communities and schools.

Together we can facilitate high-performing, trauma-sensitive cultures that promote well-being, mental health, adult SEL, community, and student college and career readiness. We look forward to bringing in guest speakers, unique discussions, and collaboration opportunities to grow the capacity of our group!

We hope to see you and learn with you this year!

This year, we'll be collaborating to bolster resilience for our students, staff, systems, and families with a focus on mental health. School Counselors should expect to learn and network on topics such as:

- **Disaggregating Mental Health Data to Understand Vulnerable Groups**
- **Using Mental Health Screeners to make Data-Based Decisions**
- **Selecting Mental Health Interventions & Monitoring Student Progress**
- **Implementing Effective SEL Lessons & Programs**
- **Writing Effective 504 Plans for Mental Health**
- **Designing Mental Health Presentations for Students, Staff, and Families**
- **Advocating for Trauma-Sensitive and Equitable Practices**
- **Supporting Staff Mental Health through Compassion Resilience**

\$50 PER SESSION FOR STUDENT SERVICES MEMBER DISTRICTS

\$150 PER SESSION STANDARD REGISTRATION FEE
