

# Science Network Meeting featuring PBS Learning Media for K-8 Teachers

The Science Network meeting will provide an opportunity for you to network with science educators across the CESA 5 region and build a Professional Learning Community (PLC). This meeting will provide tools, strategies, and resources to bolster your science program and align it to the Next Generation Science Standards (NGSS).

Jami Hoekstra Collins and Michael Hartwell from PBS Learning Media will be joining us for the day to facilitate. PBS Wisconsin and PBS have curated FREE, standards-aligned videos, interactives, lesson plans, and more just for Wisconsin teachers like you. Jami and Michael will demonstrate how participants can use this free resource to add to their collection of teaching tools and strategies.

## Wednesday, October 26, 2022

9:00 am - 2:00 pm

CESA 5, Portage, WI

### Registration Fee:
